

New Straitsville, came on for hearing being the time and place fixed for hearing by the Commissioners, at the March Session, and the commissioners being fully satisfied from the exhibits and the evidence that the petitioners and their agent was duly informed of the time and place of hearing said petition for more than sixty days after the filing of the same, and that due and legal notice was given by the agent of said petitioners, for more than six consecutive weeks in the Democratic Herald a newspaper of General Circulation published in Perry County Ohio, of the time and place appointed for the hearing of said petition and the Commissioners after hearing the evidence and after having heard, and examined the said petition, are satisfied that more than fifty qualified voters, actually reside within the limits described within the petition, and that said petition has been signed by a majority of them (being 113 of them), that said limits have been accurately described and that an accurate map or plat thereof made and filed that the manner proposed for said unincorporated village is proper and sufficient to distinguish it from others of a like kind in the state, and it is moreover described right and proper in the judgment and discretion of the Commissioners that said petition should be adopted.

It is therefore hereby ordered that said petition be granted, and that the unincorporated village of New Straitsville as named and described in the petition be organized. Whereupon the Board adjourned.
